

Industry Analyst

Location: London

Leading Research & Advisory firm based in North London specialising in the market for risk and compliance technology has a vacancy for an Industry Analyst.

Leading Research & Advisory firm based in North London specialising in the market for risk and compliance technology has a vacancy for an Industry Analyst with experience and knowledge of the risk and compliance technology market. The role will market research and report writing as well as participation in industry conferences and strategic consulting engagements with global technology, consulting and financial services organisations. The employer is going through a phase of rapid growth – 80% of revenues are from outside of the UK – this is a very rare opportunity for gaining world class skills and knowledge in risk, finance and compliance in an international context working with some of the leading experts in this field.

The ideal candidate will have:

- Strong written and verbal communication skills
- Strong computer skills
- Strong interest in financial services, risk management and technology
- Analytical and methodological approach to solving business problems
- Strong intellectual rigour
- Team player

The Employer is a rapidly growing market and investment research firm based in North London. The Employer has an international presence with Fortune 1000 clients in the banking, capital markets, insurance, technology and consulting sectors. The Employer is Authorised and Regulated by the Financial Services Authority in the UK for providing Investment Advice. The successful candidate will gain knowledge and skills in:

- Marketing and Business Development Strategy and Execution
- Risk management and technology
- Market Research and Forecasting
- Financial Services
- Investment research and M&A advisory.

This is a full-time employment opportunity.

This is a very rare opportunity with the potential for rapid personal development, significant international commercial experience and rewards.

If you are interested in this opportunity, you can apply via our website.
